KMS 2-2      Staff, respectfully ask that Velocity provide data requested, including information using a minimum of Three Competitors. Please indicate why you believe that your range of rates is just and reasonable using a competitive market analysis. Your analysis should contain publicly available examples of tariff rates and charges charged by the incumbent and other carriers for similar services. Please provide actual tariff pages and use the attached matrix format to show your actual or proposed tariff rates and charges. Then show each competitor's tariff rates and charges for comparable telecommunications services. At a minimum, show tariff information of Qwest and two other competitors in Arizona. The material you provide should enable Staff to determine whether the tariff rates and charges of the Applicant are just and reasonable compared to other competitors offering the same or similar telecommunications services in Arizona. (See Attachments A & B – By Competitor) (For the Applicant's ease, an excel file can be provided by contacting Kiana M. Sears at Ksears@azccgov).

**ANSWER:      Velocity has no market power and that the reasonableness of its rates will be evaluated in a market with numerous competitors.**
